

Centre type data

The data below provides a comparison in entries and outcomes between Independent schools and all other centres. Due to the significant movement in centre type (mainly driven by changes to Academy status) we have concluded that it is not meaningful to provide a breakdown within the all other centres category.

Centre Type	Number sat	Cumulative percentages by grade						
		A*	A	B	C	D	E	U
Independent centres	117,854	17.4	50.1	76.1	90.3	96.6	99.1	100.0
All other centres*	728,617	6.4	22.9	49.0	74.5	90.8	97.9	100.0

* excludes "other"

('other' is a category for all other non-school/FE centres and these accounted for just 15,348 A Level entries - 1.8% of the total entry)
